

**REPORT/ RECOMMENDATION TO THE BOARD OF COMMISSIONERS OF
ARAPAHOE COUNTY PUBLIC AIRPORT AUTHORITY AND
RECORD OF ACTION**

May 14, 2020

FROM: Gina Conley, Senior Planner

SUBJECT: Ratification of contract with Haselden Construction, LLC for construction of a Carport Structure and Equipment Storage Building

RECOMMENDATION: Motion to ratify the contract with Haselden Construction, LLC for the construction of a Carport Structure and Equipment Storage Building for the Aviation Community and Administration Facility as signed by the Assistant Airport Director.

BACKGROUND: After determining Arapahoe County Public Airport Authority (ACPAA) needed more office space in 2015, construction of the desired facility broke ground in February of 2020. The Aviation Community and Administration Facility is scheduled to be substantially complete by the beginning of October 2020.

In addition, a carport and equipment storage structure has been designed and considered as add alternate to the construction of the building. These items are considered very important, but were not included in the original contract with Haselden. The carport will provide covered parking for airport vehicles and employees while also having the capability to have solar panels installed on it in the future. The equipment storage structure will house items to maintain the facility, such as snow removal and landscaping equipment and tools. Both were included and approved within the ACPAA 2020 budget as separate items. In order for these items to be constructed concurrently with the Aviation Community and Administration Facility, a separate contract with Haselden has been signed.

FINANCIAL DATA: The cost of the Equipment Storage Building is \$90,703 and the Carport Structure is \$88,106 which are included in the approved ACPAA 2020 budget.
